Avoiding a Space Jam with a Healthy Planet

BRAD PLATZER, SUSIE PEIL, JATHAN
MERKEL, TJ PEERA

A cosmic background featuring a vibrant nebula with shades of blue, purple, and orange, set against a dark starry sky. A solid green vertical bar is positioned on the right side of the image.

2019

OK so what's the connection here?

2019

A Very “Healthy Planet”

2019

- ▶ What exactly is “Population Health”?
- ▶ What is in the Healthy Planet galaxy?
- ▶ What are we now doing at KHN?
 - ▶ Cost and Utilization Dashboard /Metrics using external data/Care Management
- ▶ Planets within reach

What is Population Health?

2019

- ▶ *“Population health is an art, process, science and a product of enhancing the health condition of a specific number of people within a given geographical area.”*
– Akarowhe, 2018 ¹
- ▶ <http://www.imedpub.com/articles/population-health-a-tool-for-enhancedaggregate-health-performance-in-emergingeconomies.pdf>

Why Population Health?

2019

- ▶ The Patient Protection and Affordable Care Act (PPACA) began the shift from traditional fee-for-service reimbursement, to new fee-for-value reimbursement models.²
- ▶ Fee-for-value reimburses providers based on quality performance rather than the volume of services rendered.

In Search of a Healthy Planet
